“Joined the **St. Anne's Girls Primary School** fraternity in Mumias West Sub-County following the institution's stellar performance in this year's KCPE National Examinations. With an enrolment of 289 candidates, the school produced one of the best candidates in this year's examinations, **Bethany Jacinta**, who scored 427 marks, coming second to the top pupil nationally. The County Government of Kakamega will collaborate with other key stakeholders including the school Management and the Community to improve infrastructure at the renowned institution. Our administration is committed to supporting education in the County through scholarships and bursaries and reminded parents that the County Government has doubled bursary allocation this Financial Year to Ksh 4 Million. The bursaries will be dispensed at the Ward level.”
